报告题目 (Title): An additive structure for level sets of Gaussian fields

报告人 (Speaker): 丁剑 博士 芝加哥大学

时间 (Time): 3月9日(周一) 下午 3:00-4:00

地点 (Venue): 北京大学理科一号楼 1303

摘要 (Abstract): In this talk, I will present a simple observation which leads to a certain "additive structure" for level sets of non-degenerate Gaussian fields.

This is a joint work with Sourav Chatterjee and Amir Dembo.
